

INDEX

INDEX TO VOLUME 17

Batbedat, A., Le produit demi-direct pour les demi-groupes inverses.....	283
Byleen, K., Spirals of idempotents from P-semigroups.....	95
Choe, T. H., and Y. S. Park, Embedding ordered topological spaces into topological semilattices.....	189
DeLanghe, R., and C. Impens, N-Semigroups as codomain of measures.....	379
Dzinotyiweyi, H.A.M., Multiplier semigroups and weakly almost periodic measures on foundation semigroups.....	241
Feigenbaum, R., Regular semigroup congruences.....	373
Head, T., Quotient monoids and greatest commutative monoid images of several types.....	351
Hoffmann, R.-E., Sobrification of partially ordered sets.....	123
Högnäs, G., On random walks with continuous components.....	75
Impens, C., see DeLanghe, R.	
Jones, P., and S. Ligh, Quasi ring-semigroups.....	163
Junghenn, H. D., The Maak compactification of a dense subsemigroup.....	261
Kollár, J., Interpolation property in semigroups.....	337
Krishnan, V. S., Quasi resolved semigroups and quintets.....	267
Ligh, S., see Jones, P.	
Magill, K., and S. Subbiah, Semigroups with exactly three regular θ -classes.....	279
Mannepalli, V. L. and C. S. H. Nagore, Generalized Commutative semigroups.....	65
Mielke, B. W., On the lattice of completely-simple congruences on a Croisot-Tessier semigroup.....	325
Nagore, C. S. H., see Mannepalli, V. L.	
Nagore, C. S., and M. Satyanarayana, Integrally ordered semigroups.....	101
Osondu, K. E., Semilattices of left reversible semigroups.....	139
Park, Y. S., see Choe, T. H.	
Rasin, V. V., On the lattice of varieties of completely simple semigroups.....	113
Satyanarayana, M., see Nagore, C. S.	
Schein, B. M., and V. S. Trohimenko, Algebras of multiplace functions.....	1
Schwarz, Stefan, A theorem on binary relations and infinite languages.....	307
Shmuel, Z., Idempotents in completely PO semigroups.....	317
Širjaev, V. M., Semilattices of width 3 whose decomposable elements form a chain.....	201
Spoletini, A. Cherubini, and A. Varisco, Some properties of E-m semigroups.....	153
Subbiah, S., see Magill, K.	
Szekely, G. J., Algebraic dimension of semigroups with application to invariant measures.....	185

Todorov, K., Die \mathfrak{D} -Klassen der endlichen symmetrischen Halbgruppen und ihre Mächtigkeiten.....	387
Tonev, W., Positive definite functions on discrete commutative semigroups.....	175
Trohimenko, V. S., see Schein, B. M.	
Varisco, A., see Spoletini, A.	
Venkatesan, P. S., Primitive orthodox semigroups.....	365
